You are applying for support from **Tillväxtverket**

Support for production of audiovisual works

Last date of application: 2023-09-19

The support is intended for the production of audiovisual works, which includes feature films, documentary films, drama series or documentary series - regardless of the technology used. It is permanent support from 2022 and consists of a total of 100 million Swedish kronor per year. Only companies may apply for the support.

Support is provided to the extent that funding is available.

Your information

Here you enter information about the applicant organisation, such as the name of the company, company registration number, as well as a name for the application.

Company name * 0/200

Company registration number or equivalent * 0/100

Address * State the postal address, postcode and city. 0/100

Name of the application * A unique name provides quick information about the audiovisual work in the application and makes it easier for you and for us to find the right application if you have several applications. 0/200

Enter the size category of the company

In our reporting to the EU, we have to indicate whether the companies receiving support are small, medium-sized or large companies. The size is determined by the number of employees, turnover and balance sheet total of the applicant company and any related companies. You can read more about the EU definition and limits in the handbook for the support.

Large Medium-sized Small

In what country is the company domiciled? * The country of domicile is the place where the board of a limited company or other legal person has its registered office.

0/100

What is the legal gender of the CEO? Not selected

Is the production of audiovisual works the company's main activity? The term audiovisual works refers to feature films, documentary films, drama series and documentary series, regardless of the technology used.

Yes No

Contacts

Please state the relevant persons for us to contact in connection with the processing of your application. Please state at least one contact.

Financing

In this section, you fill in a financing plan and answer questions about the financial conditions of the production.

What is the total budget in Swedish kronor (excl. VAT)? The total budget for the entire production includes all costs (including non-eligible costs) that the production company has for the production. From early development, pre-production, recording, post-production to delivery.

How large is the Swedish part of the total budget (Swedish spend) in Swedish kronor (excluding VAT)? By the Swedish part of the total budget (Swedish spend), we mean the part of the total budget that includes the costs incurred by the production company for the production and which are placed in Sweden (including non-eligible costs). From early development, pre-production, recording, post-production to delivery.

Is financing secured? Certify that all other financing other than the amount requested is secured.

Yes No

Attach contracts, decisions and/or letters of commitment (mandatory) In order to process your application, the following documents must be attached to the application:

Contracts, decisions and/or letters of commitment confirming all financing sources. These must match the totals in the financing plan in the application.

A letter of commitment must show:

- the identity of the parties (name and personal identity number/company registration number);
details of the scope of financing and the period of validity; and
signatures and date.

NOTE! You need to attach at least one file.

+ Attach files from computer 0.0 MB / 100.0 MB

Drag files here and drop Add files by dragging them to this area. The files are not uploaded directly, you can review them before uploading.

Is the production otherwise financed by Swedish public support? We have to take into account the total level of public financing from Swedish support providers, and may need to adjust the support level if the total support exceeds 50 percent of the total budget of the production. For more information on the maximum level of public support, see the Commission Regulation (EU) 651/2014 of June 17th 2014 (GBER).

Yes No

If Yes, please state in Swedish kronor (excl. VAT) how much is financed by Swedish public support (in addition to support from the Swedish Agency for Economic and Regional Growth). *

Is the company subject to a repayment demand due to a decision by the European Commission? Yes No
